SENATOR BEREUTER: The Board of Regents has not acted on it, but individual members that have contacted me and that's about four on an individual basis are pleased with the proposal. The administration on UNL campus, who had nothing to do with writing it, are quite pleased. There's no question about our ability to itemize and earmark money because we've done it many times. We're doing it other places in this budget.

SENATOR MARESH: Thank you. I support the Bereuter amendment. I feel that probably this will, like they say, break the camels back ... the straw that will break the camels back. If this will take us to court to determine if we do have that power probably we should resolve it with this issue. I will move for the previous question.

PRESIDENT: Senator George. Oh, you moved for the previous question? Do I see five hands? I do. The question again is shall debate now cease. Record your vote. Please vote. Record.

CLERK: 12 ayes, 17 nays.

PRESIDENT: Yes. The Clerk is going to read some things in the Journal and then it will be Senator George's turn.

CLERK: Mr. President, there will be an Attorney General's opinion inserted in the Journal addressed to Senator Syas.

Mr. President, your Committee on Enrollment and Review reports we have examined and reviewed LB 634A and find the same correctly enrolled; 869 correctly enrolled.

PRESIDENT: While the Legislature is in session and capable of transacting business, I propose to sign and do hereby sign LB 634A and 869.

CLERK: Mr. President, there will be a motion inserted.... There is a Marvel amendment. He asks unanimous consent to print a Select File amendment on LB 691.

Senator DeCamp asks unanimous consent to insert a motion.

Mr. President, Senator Marvel asked to be excused this afternoon. Senator Skarda asked to be excused on Friday. That's all Mr. President.

PRESIDENT: Senator George.

SENATOR GEORGE: Mr. President, members of this body. I want to make that as brief as possible. I know we are running out of time. I do fully agree with Senator Bereuter that we do have to improve the quality of undergraduate education, but before we take this step and spend another \$850,000 on a program like that let's look statewide and see whether we cannot do something without spending this amount of money. When we talk about undergraduate education we should not only look at the UNL campus. I realize that it
